California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Earle Jamieson Educational Options is the Nevada County Community School and is an alternative educational school. This school is for 7-12 grade students who have been expelled from a local middle or high school, or placed through the School Attendance Review Board process, and/or placed by the probation department. All students receive classroom and individualized instruction to assist them in improving their academic and behavioral skills, as well as establishing consistent patterns of attendance.

School Facility Conditions and Planned Improvements

Students are safe on school grounds before, during, and after school. There are 3 classrooms, two bathrooms, an office building, and a basketball/play area. This is sufficient for the low population of students - usually under 20. The buildings are portable classrooms that have been located on this site since 2006. They are approximately 20 year old portables, but are painted and repaired on a regular basis. The maintenance staff of the site owned school district ensures that the school is kept in good repair and work orders are completed in a timely manner.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. Due to the small size of the facility, it is easy to review the upkeep on all the buildings on a regular basis. The site is thoroughly cleaned by our maintenance staff daily.

For more information on school facilities, contact the school principal.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Our numbers are too low for reporting.

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016-17)

Since most of the students/families attend Earle Jamieson for a limited amount of time, there tends to be little parent involvement. Phone calls and letters are sent out on a regular basis to encourage parent participation in school decisions and planning. Parents are highly encouraged to become a part of the School Site Council to assist in planning for their students' achievement at Earle Jamieson.

State Priority: Pupil Engagement

Last updated: 1/24/2017

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates

Dropout Rate and Graduation Rate (Four-Year Cohort Rate)

Since most of our students are do not attend more than one or two semesters, the graduation rate is misleading. Most of our students return to their home schools to complete school and graduate.

Indicator	School			District			State		
	2012-13	2013-14	2014-15	2012-13	2013-14	2014-15	2012-13	2013-14	2014-15

Completion of High School Graduation Requirements - Graduating Class of 2015**(One-Year Rate)**

Because students are assigned to our school for one to two semesters, we do not have a rate of completion of graduation requirements. Most students return to a more traditional site, prior to graduation.

For any student who does graduate from Launch, they have all met the state graduation requirements.

School Safety Plan (School Year 2016-17)

The school safety plan is updated annually or as procedures change. The last update/review date for the safety plan was January 2016. The plan is all encompassing and includes all scenarios. It was put into place with the assistance of trained safety coordinators. All staff and school personnel have access to the plan and it is discussed several times a year during professional development days. Drills are scheduled to include students for both fire and "lock down" procedures at least quarterly. Earthquake drills are held annually.

Types of Services Funded (Fiscal Year 2015-16)

Supplemental educational services include outside agencies coming into the school and working with the students. Weekly, County Therapists, drug and alcohol counselors, and Health presenters meet with the students to help them to better cope with the difficulties the students may be dealing with in areas of substance abuse, anger management, emotional stress and other related topics.

In addition, training for technology use has been implemented for school staff for use of ipads in instruction and web-based programs for remediation and career/technical training.

Professional Development

There are 5 designated professional development days scheduled each year, as well as weekly meetings each Friday for Professional Learning Community work. Staff also attend a number of workshops and trainings off-site throughout the year.

The areas of focus are on:

1. Development of adequate and motivational curriculum for the variety of students in each class
2. Behavior improvement plans for each student and as a whole school
3. Safety in dealing with volatile school/student situations
4. Online coursework for students
5. Alternative Education strategies

6. Career and Technical Education Development
6. Technology in the classroom
6. Technology in the classroom
6. Common Core standards understanding and implementation
7. Rapport building with students to assist in their academic achievement and behavior improvement

Professional development is delivered through experts in the field and through collaboration with staff, as well as the principal.

BTSA provides ongoing support for first and second year teachers in and out of the classroom.

There are many teacher-principal meetings throughout the year, due to the small size of the school. Also, Renaissance Star and Study Island data is examined to evaluate student performance and growth.
