**NEVADA COUNTY PUBLIC SCHOOLS ADVISORY #4  
Coronavirus / COVID-19 Update  
March 27, 2020**

**Nevada County Public Schools Closure extended through May 1, 2020**

Dear Nevada County Parents, Guardians, Community Members, and Students:

In concurrence with Nevada County Public Health, the Nevada County Superintendent of Schools Scott W. Lay, school district superintendents and charter school directors are hereby extending campus closures of all public schools in Nevada County through May 1, 2020 in order to slow the spread of COVID-19 to the maximum extent possible.

“Our schools are united in their response to ensure the safety of not only their students and staff, but also the communities we serve” said Scott W. Lay. “Our goal is to work in unison with our public health officials to mitigate the spread of COVID-19.”

During this time, residents are expected to strictly adhere to the “shelter-in-place” [order issued by Governor Newsom](#) and stay home except for essential activities until further notification from their local health department.

Parents, students and families will continue to receive updates and information from their school districts and charter schools regularly through email, by phone and through social media. School facilities will stay open to staff for essential tasks, and education will continue through district distance learning plans. Schools will also continue to provide meals to their students.

We would all like to thank the community for their support and understanding during these unprecedented times.
