Monthly Community of Practice Virtual Conferences for Science & Math Educators Across Nevada County

Dear Nevada County Science and Mathematics Educators,

I am writing to invite you to participate in the Nevada County Virtual Community of Practice in Science and Mathematics. This group is by invite only and limited to K-12 site leads in science and mathematics throughout Nevada County in order to review, compile, and collaborate on best practices throughout our region and state level agencies. New this year, we will be separating our sessions into science and math focus groups. You may choose to attend one or both of these CoPs. **All CoPs will be held the 4th week of the month, beginning Tuesday, September 22, 2020 for mathematics and Thursday, September 24, 2020 for science from 3:30-4:40pm.** All sessions will be recorded and shared with registered participants. To register, please complete our registration form. [CLICK HERE TO REGISTER.](#)

Possible qualifications for science and mathematics CoP leaders are:

- TK-12 Science or Mathematics Educator (public, charter, or private) in Nevada County
- A willingness and desire to participate and improve instructional practices for all students
- The ability to collaborate and share your expertise with other science and mathematics educators
- Influence district / site policy and procedures related to science and/or mathematics
- Analyze and make program adjustments / improvements
- Facilitate communication and reflection among admin/teachers at your site

I would like to invite you to be one of the leaders representing Nevada County in the Region 3 Science & Mathematics Communities of Practice. If you would like to participate, please indicate your commitment to this effort by completing the linked [registration form](#). For additional information on the goals of the NCSoS Science & Mathematics Community of Practice, please view the attached presentation.

This is a free event.
