2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Yuba River Charter School's Vision

Yuba River Charter School endeavors to develop free human beings who, of themselves, are able to impart meaning and direction to their lives. We are a community of teachers and families uniting to inspire a love of life and learning for the whole child to serve the whole world.

Yuba River Charter School's Mission

Yuba River Charter School is based on Rudolf Steiner's developmental model of the child.

We engage the mind, enliven the imagination, and strengthen the will through an education that nurtures the head, heart, and hands of the individual.

Our rigorous curriculum meets the California state standards, integrates the arts in everyday life, and develops capacities within each student, inspiring life-long learners to reach their highest potential.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Adoption of textbooks and instructional materials used by the school is informed by the most recent CORE standards-based curriculum.

The YRCS Home Study Program is taught out of the Oak Meadows Home Study curriculum, adopted in 2015, as well as Live Education and other vetted resources.

Since 2011, beginning in Grade Four, many teachers have chosen to implement the Book Whisperer reading program.

In Grades 6-8, Houghton Mifflin Harcourt's California Collections texts, together with companion Close Readers consumables, were adopted in 2016.

In 2019/2020, YRCS transitioned to the Big Ideas Learning Big Ideas Modeling Real Life Math curriculum, consisting of differentiated curriculum for Grade 5, Grade 6, Grade 7, Grade 7 Accelerated, Grade 8 Pre-Algebra and Grade 8 Algebra 1

Instructional textbook materials are limited to use by students in Grades 5-8, 100% of whom are provided assigned textbooks.

Not all curriculum areas rely on student textbooks. Textbooks are not typically used in the elementary grades; rather the teacher presents lessons and the children learn through observation, experience and activity, before creating their own books for each subject taught. In this way, students' beautiful main lesson books become the class textbooks. Their creation provides an important method by which skills and art are integrated into everyday learning. The academic curriculum integrates the arts, drama, painting, music, drawing and modeling, and includes the use of materials such as beeswax, crayons, colored pencils, watercolor paints, paper, chalk, charcoal and modeling clay, tec. This model of education through the arts awakens imagination and creative powers, bringing vitality and wholeness to learning.

School Facility Conditions and Planned Improvements

Our campus is located on 16 acres, including a potential farm site, play field, and rolling hills. Our administrative building and assembly room with adjoining classrooms and library are traditionally built. Our classroom buildings for grades 1-8 as well as our Kindergartens are modular construction. We are saving funds for deferred maintenance and sourcing other funding for the future build-out of kitchen facilities, farm, play field, and amphitheater, as well as replacement costs for the modular structures.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parent input and perspective is built into the Board of Directors membership, and is further channeled through the Parent Council and its committees, as well as the Educational Foundation. The Parent Council is the organizational body for the parents. The parent community elects its members from each class, grades K - 8. That elected parent representative is responsible for attending meetings and reporting back to the class regarding those meetings. The Parent Council Representative also functions as a committee liaison on the council, voicing individual parent's concerns as well as the class' opinion as a whole on issues pertinent to the life of the school. The Parent Council serves as the ear and the voice for the parent body. It acts as a steering committee for parent interests and concerns, as well, and interfaces with the School Director and Faculty PC Representative in monthly meetings throughout the school year.

Each class has at least one parent designated as the Class Parent. The Class Parent provides the link between the class teacher and the families of the class. In general, Class Parents may be asked to plan field trips with the teacher, help organize parent evenings, provide for community building within each class, and so forth.

Parents also sit on the Board of Directors and the Educational Foundation. The Board of Directors serves as the main governing body of the school, and oversees the school's fiscal and legal compliance, as well as it's overall Strategic Plan. The Educational Foundation operates as a fundraising body for the school, planning, organizing, and facilitating school-wide fundraising efforts.

We have a number of school-wide festivals each year. The festivals serve as an opportunity for the entire school community to join together in seasonal celebrations. Planning and working together in anticipation of the festival and celebrating during the festival creates bonds among the entire community. The festivals serve as an important bridge between home life and school life. Before each festival is celebrated, information about it is distributed to the school community. YRCS offers a paid stipend to a volunteer coordinator who will contact parents throughout the year to assist with school festivals. Parents and teachers volunteer to serve on the Festival Committee for specific festivals, overseeing the planning, organization and implementation of each festival or seasonal celebration. The Festival Committee provides background and guidance for each festival to the school community. Numerous Community Forums occur throughout the school year, typically at least once a month. These forums have a focus on issues and information important to the parents, i.e., policy, programming, parent education, etc., however, each always offers opportunity for direct input from the parents to the school administration, BOD, and faculty.

Every parent is encouraged to volunteer 5 hours/month (50 hrs/year) in the school.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Yuba River Charter School currently has a comprehensive plan of Emergency Procedures. This plan was reviewed in the Spring of 2021 and will again be reviewed by the Board of Directors by the beginning of March 2022. The plan is shared with students by their teacher at the beginning of each school year. This comprehensive plan provides detailed procedures for Personal Safety and Security, School Lock down, and Evacuation of the School Site. It also provides procedures to Ensure Smooth Administrative Control of Operations During a Crisis and for a Clear, Effective Communication System. The 2021-2022 plan also includes sections covering our COVID-19 Safety Plan (CSP) and Cal/OSHA COVID-19 Prevention Program (CPP).

Professional Development

Yuba River Charter School is guided by the principals of Public Waldorf Education. We are committed to ever-evolving and continuous renewal through practice, research, observation, and active reflection. Our Faculty meet weekly in addition to ten In-Service days per year. During these meetings, professional development occurs with ongoing conversations about academic effectiveness and social health. In the 2021-2022 school year we have focused our professional development goals and activities on improving school-wide mathematics achievement, 100% full-inclusion collaborative peer mentoring and support, and community-wide self study of the Seven Core Principles of Public Waldorf Education through the Alliance for Public Waldorf Education. We added in an additional First Thursday of the Month wider staff and community members meeting component to focus on the three PD targets for 2021-2022.

Our teachers teach with attention to cultivating our students' natural curiosity to learn and then through continuous reflection on effectiveness and success. We participate in state annual academic standardized testing as well as in 2021-2022 implementing our own local standards-aligned comprehensive testing activities multiple times/events per year. We use these results as part of our school-wide measures for instructional effectiveness, improvements and professional developments activities. In the 2021-2022 school year, we have partnered with a number of entities to provide teacher training and professional development opportunities for our faculty and staff including teacher training through Antioch University, teacher development through the Alliance for Public Waldorf Education, and teacher development through The Bay Area Center for Waldorf Teacher Training.
