

CHICAGO PARK COMMUNITY CHARTER SCHOOL

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Chicago Park Community Charter School

CDS Code: 29-66316-6027080

School Year: 2022-23

LEA contact information:

Katie Kohler

Superintendent

530-346-2153

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue Chicago Park Community Charter School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Chicago Park Community Charter School is \$406,175, of which \$298,003 is Local Control Funding Formula (LCFF), \$108,172 is other state funds, \$0 is local funds, and \$0 is federal funds. Of the \$298,003 in LCFF Funds, \$23,708 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Chicago Park Community Charter School plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Chicago Park Community Charter School plans to spend \$295,587 for the 2022-23 school year. Of that amount, \$43,241 is tied to actions/services in the LCAP and \$252,346 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Expenditures for base program instructional staff, classified support and administration salaries and benefits and costs for operations such as utilities, insurance, general supplies, custodial and maintenance are not included in the LCAP.

Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Chicago Park Community Charter School is projecting it will receive \$23,708 based on the enrollment of foster youth, English learner, and low-income students. Chicago Park Community Charter School must describe how it intends to increase or improve services for high needs students in the LCAP. Chicago Park Community Charter School plans to spend \$25,200 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021-22

This chart compares what Chicago Park Community Charter School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Chicago Park Community Charter School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Chicago Park Community Charter School's LCAP budgeted \$23,281 for planned actions to increase or improve services for high needs students. Chicago Park Community Charter School actually spent \$23,281 for actions to increase or improve services for high needs students in 2021-22.

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

Throughout the LCAP development process, the LEA receives input on a variety of district programs and services provided to students. Due to limited LCFF resources, not all of these expressed needs can be addressed in the LCAP, however, this feedback has been considered in the use of additional funds received. In addition, the LEA has engaged Educational Partners during the 2021-22 school year as follows:

A public meeting/forum was held on 11/18/2021 and 12/16/2021 regarding the Educator Effectiveness Block Grant (https://chicagoparkschool.org/wp-content/uploads/2022/01/2021_Educator_Effectiveness_Block_Grant_Plan_Chicago_Park_Elementary_School_20211118-2.pdf).

A public meeting/forum is planned on 01/12/2022 regarding the Expanded Learning Opportunities Program (<https://www.cde.ca.gov/ls/he/hn/elostrategies.asp>).

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

LEA does not receive a concentration grant or the concentration grant add-on.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

Throughout the LCAP development process, the LEA receives input on a variety of district programs and services provided to students. Due to limited LCFF resources, not all of these expressed needs can be addressed in the LCAP, however this feedback has been considered in the use of additional funds received. In addition, the LEA has engaged Educational Partners during the 2020-21 school year as follows:

District put out two surveys during the year, August 2020 and March 2021, to collect data that was used in decision making based on the CARES Act and GEER I funding. Superintendent reached out to community through monthly board meetings and Site Council meetings to collect data that was used in decision making.

On February 11, 2021, March 18, 2021, and April 15, 2021, parents, school staff, administrator, and Board of Trustees members were given the opportunity to discuss funding and plans for the Expanded Learning Opportunities Grant (page four on document https://chicagoparkschool.org/wp-content/uploads/2022/01/2021_Expanded_Learning_Opportunities_Grant_Plan_Chicago_Park_Elementary_School_20210922-2.pdf). A review of the plan took place on May 3, 2021 with teaching staff. During all planning and review meetings, input was gathered on support needs and best ways to address those needs.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

LEA did not receive ESSER III funding.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.

The Chicago Park Elementary School District considers the LCAP to be the comprehensive planning document that captures the priorities, goals, and actions to improve student outcomes. As such, all additional funds received are viewed through the lens of the LCAP to determine where student needs exist and what services are needed to address those needs. Some examples of how these additional funds are aligned are: included in our School Plan for Safe Reopening (https://chicagoparkschool.org/wp-content/uploads/2021/01/2020_School_Plan_for_Safe_Reopening_Chicago_Park_Elementary_School_20210125.pdf pages 3-21), and the Educator Effectiveness Block Grant (https://chicagoparkschool.org/wp-content/uploads/2022/01/2021_Educator_Effectiveness_Block_Grant_Plan_Chicago_Park_Elementary_School_20211118-2.pdf pages 2-4).

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA’s educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA’s 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA’s educational partners and the broader public and

must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: *“A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).”*

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: *“A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”*

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: *“A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.”*

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (<https://www.cde.ca.gov/fg/cr/relieffunds.asp>) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page

<https://www.cde.ca.gov/fg/cr/>) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: “A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.”

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: “A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.”

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA’s 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education
November 2021

CHICAGO PARK COMMUNITY CHARTER SCHOOL

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Chicago Park Community Charter School	Katie Kohler Superintendent	katiek@chicagoparkschool.org 530-346-2153

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Chicago Park Community Charter School was established in 2011. It is located just off scenic Route 174 in the beautiful foothills of the Sierra Nevada Mountains. Chicago Park Community Charter School is a small, public charter school for grades TK-8. It is commingled with Chicago Park Elementary School, and offers an identical program with students from the Charter and Elementary experiencing the same classes along with the same teachers throughout the school day. Due to its small size (66 students), data from the state including CAASPP scores, Dashboard 5x5 statistics, and Healthy Kids Survey information is unavailable. Therefore data in this LCAP is calculated by combining the charter school and the elementary school, and is actually a measure of total District performance levels.

The educational team of 12 certificated professionals is lead by School Superintendent Katie Kohler. Mrs. Kohler has served as an administrator since 2017. There are trained Instructional Aides to support low performing and Special Education students where needed. The school is proud of its Gifted and Talented program, as well as its success in providing intensive remedial support for struggling students.

In addition to providing a strong educational foundation, our school provides programs such as music, sports, art, computer literacy, and a variety of after-school enrichment opportunities. An intensive character development program is an important part of the Chicago Park experience and is weaved into the daily curriculum.

The school serves families mostly from Chicago Park, Grass Valley, Nevada City, Peardale, Colfax and Alta Sierra. We pride ourselves in maintaining a positive, safe, learning environment for all students enrolled in the Chicago Park School District.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

In the area of CAASPP, students tested higher than the County and State average in the area of ELA (53%), with the State average at 49% and County at 50%. In the area of CAST, students tested higher than the County and State average in the area of Science (44%) with the State average at 29% and County at 34%.

To maintain this positive rate, LEA will implement District wide Rtl programs and support program with an intervention aide with mathematics and ELA. After analyzation of the CAASPP, low-income students are higher achieving by 2% in ELA over the all students and are achieving the same level in math as all the students. In order to address the needs of our low-income student group first, we are maintaining small class sizes (17:1 ratio) for a lower teacher to student ratio.

According to DataQuest, Chronic Absenteeism dropped to 3.6% (2020-2021) from 17.8% (2019-2020) the pervious school year. To continue to stay on top of the Chronic Absenteeism rate, LEA will continue to review the SARB process to ensure they are following it with fidelity, as well as, continue the creative attendance incentives including but not limited too, weekly, trimester and whole year incentives.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

In the area of CAASPP, students tested lower than the County and State average in the area of Mathematics (32%), with the State average at 34% and County at 34%. To help with this issue, LEA is moving a strong aide into the position of intervention aide to work with students one on one or small group.

LEA will continue to focus on Responsive Classroom to build classroom and school culture which in turn should improve the suspension rate. LEA noticed a drop in suspensions, however, student have not been on campus in a normal capacity since Spring 2020.

2018-2019: 7 suspensions

2019-2020: 13 suspensions (March to End of Year was Distance Learning)

2020-2021: 1 suspensions (School in Hybrid Model)

2021-2022: 4 suspensions

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

This LCAP's highlights include increasing CAASPP and CAST scores District wide by 2% each year, creating common Rtl time programs and intervention, expanding playground opportunities as per March Student Survey outcomes, and increase School Counselor to provide students with Social and Emotional Support.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

None

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

Input gathering for LCAP took place during Site Council on September 7, 2021, October 5, 2021, November 2, 2021, December 7, 2021, January 9, 2022, February 1, 2022, March 1, 2022, April 5, 2022 and May 3, 2022. Input for the LCAP was also gathered at School Board Meeting on January 19, 2022, February 16, 2022, March 16, 2022, April 20, 2022, May 12, 2022 and June 16, 2022. Staff input for the LCAP was gathered at meeting on January 4, 2022, March 1, 2022, and May 3, 2022. 3rd through 8th grade students participated in a survey in March of 2022. Chicago Park School's parents participated in a community survey in March of 2022. Public Hearing for LCAP took place at the Board of Trustee's meeting on June 16, 2022 and the adoption of the LCAP took place at the Board of Trustee's meeting on June 23, 2022.

A summary of the feedback provided by specific educational partners.

Results from the LCAP Community Survey that took place in March 2022, showed that the community would like more opportunity for students during and after school in the area of enrichment.

Results from the LCAP Student Survey that took place in March 2022, showed that the student population would like more options on the playground and feel that bullying is an issue on campus.

At the April Board Meeting, it was shared that a plan to address student concerns over bullying needs to be addressed.

Staff input was gathered during the March 1, 2022 staff meeting. During the meeting it was shared the draft action items and draft projections of cost per actions. Staff were very happy to see the addition of time added to school counselor time and the playground play structure.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

Goal 1, Action Item 6: Rtl, with staff input, this action item was created to address student needs. Staff shared that they would like support with students that are not at grade level in ELA and mathematics.

Goal 1, Action Item 8: Enrichment, action item was added to address need expressed from community through the LCAP Community Survey that took place in March.

Goal 2, Action Item 3: Playground Improvements, action item was added to address need to have more options that increase inclusion on the playground from students through the LCAP Student Survey that took place in March.

Goal 2, Action Item 4: School Counselor, with staff input, this action item was created to address student needs. Staff shared that they are noticing a need for more support for students, especially ones that have induced trauma during the past year.

Goals and Actions

Goal

Goal #	Description
1	Strengthen academic achievement of all students including special populations.

An explanation of why the LEA has developed this goal.

Chicago Park’s mission is to provide a well-rounded program that prepares students for 21st century success in all areas of academics by offering unique and individualized services in math, science, technology, and character development. We emphasize a safe and nurturing environment and graduate responsible students who respect and advocate for the rights of others.

With focusing full efforts into the academic success of students, the students will have a higher success in quality of life and have more opportunities for future successes. Since these are the core values of Chicago Park School, it is critical that the LEA have a goal that is centered around student success.

Based on the CAASPP score, LEA scored below State and County average in mathematics, therefore LEA is focusing on intervention and supporting the delivery of mathematics.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
The number of students in grades 3-8 that achieve standards met or exceed in Math and ELA CAASPP testing will increase by 2% or more each year.	Math 39.73% ELA 51.1% CAST no baseline data 2018/2019	Math 32% ELA 53% CAST 44% 2020/2021			Math 45% ELA 57% CAST 45%
The number of students in grades 5th and 8th that achieve					

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
standards met or exceed on the CAST testing will increase by 2% or more each year. Priority 4					
Maintain EL Reclassification Rate. Priority 4	No baseline data 2020/2021	No EL students enrolled 2021/2022			100%
Students will have access to iReady for support and intervention. Teachers will use pupil outcomes to determine increased or improved services for students. Priority 8	100% students have access to iReady 2020/2021	100% students have access to iReady 2021/2022			100% students have access to iReady
All students will have access to no less than 100% highly qualified teachers. District will have zero misassignments. Priority 1	100% Highly Qualified 2020/2021	100% Highly Qualified 2021/2022			100% Highly Qualified
100% of students will gain no less than one level towards English	No EL students currently enrolled	No EL students currently enrolled			100% if students are enrolled

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Professional Development	On-going Professional Development throughout year including Classified and Certificated Staff to create an inclusive environment for all students such as Academic Intervention Strategies and MTSS. Will include three release days for Certificated Staff to focus on peer observation and team goal development.	\$1,126.00	Yes
1.3	iReady	iReady program used for intervention strategies, as well as, mathematics and ELA diagnostics and assessments.	\$1,542.00	Yes
1.5	Library	Expand fiction and non-fiction literature in library, in addition to, providing library support staff.	\$1,580.00	Yes
1.6	Rtl	Intervention specialist aide to implement intervention strategies.	\$6,591.00	No
1.7	IT Specialist	Support services from an IT Specialist will be available to assist teachers four days a week in general maintenance of school equipment and to assure it is up and running efficiently.	\$7,296.00	Yes
1.8	Enrichment	Enrichment activities to improve student engagement. For example, Agriculture Education, Physical Education, Music and Art.	\$3,814.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.9	English Learner Support	Provide Paraeducator support in EL language development.		Yes
1.10	Foster Youth Support	Coordinate efforts with County Office to provide services for Foster Youth.		Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Each of the actions items in goal 1 supports the strengthening academic achievement of all students including special populations which is the focus of goal 1.

Particular success in 2021-2022 on this goal were in implementing actions 1.8 (Kindergarten Hours), and 1.16 (Garden Education). Extending Kindergarten hours helped give students a strong head start academically and adding two hours a week in garden education helped drastically with students' social and emotional health. Both of these were delivered with fidelity.

LEA struggled with actions 1.3 (Professional Development), 1.4 (Staff Collaboration Time) and 1.15 (Music/Art Education) to implement them as planned. With the demand to create Independent Study packets weekly for students home with Covid-19 symptoms, LEA reduced Professional Development and Staff Collaboration Time down to accommodate teacher time to create plans and packets. Teachers were still provided three release days to work on team goals in regard of peer observation and Professional Development. With the lack of workforce, LEA was not able to obtain a credentialed music teacher. LEA instead extended an aides schedule temporarily to support teachers in music and art.

Action item 1.2 (BTSA) did not take place since LEA did not have any teachers that qualified to participate in BTSA. Overall, all other actions were implemented as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

All budgeted expenditures were incorrect as they were copied from the District LCAP. However, the following differences did occur;

Actions 1: Teacher Support, 3: Professional Development and 4: Staff Collaboration Time did not occur due to COVID related restrictions.
Action 2: BTSA was not needed as there were no teachers participating in the program.
Actions 5: iReady did not have expenditures in 21/22 as fees were paid in 20/21.
Action 7: Library was less than budgeted due to less licenses purchased for online library program.
Action 8: Kindergarten Hours were higher than budgeted due to miscalculation at budget time of increased Kindergarten hours.
Action 9: RTI was higher than budgeted due to actual staff assigned to program support.
Actions 10: Chromebooks, 11: iPads and 12: Classroom Technology did not have expenditures due to lack of need.
Action 15: Music/Art Education expenditures were incorporated into regular staff salaries.

An explanation of how effective the specific actions were in making progress toward the goal.

With the district allocating 2 hours worth of salary toward the Sierra Harvest Garden Education program, LEA expanded grade levels served weekly from TK-2nd (2020-2021 school year) to TK-3rd and 6th-8th weekly and 4th-5th biweekly in the 2021-2022 school year. Not only does garden education (Agriculture) support science standards, it also supported students in their social and emotional health. LEA noticed a drop in suspensions since the start of garden (2019-2020 school year).

2018-2019: 7 suspensions

2019-2020: 13 suspensions (March to End of Year was Distance Learning)

2020-2021: 1 suspensions (School in Hybrid Model)

2021-2022: 4 suspensions

Based on our iReady initial assessment vs our mid-year assessment, the district saw growth due to the use of iReady for Rtl and the support of an Rtl aide that would work with students in small groups. Currently, 56% of the whole student body are at grade level or above in ELA and 53% in mathematics. Growth according to iReady, however, was much greater. There has been a 70% average growth in ELA and 77% in mathematics. See below for grade level breakdowns on percent of students with Improved Placement:

K: ELA 47%, Math 41%

1st: ELA 36%, Math 55%

2nd: ELA 44%, Math 53%

3rd: ELA 63%, Math 56%

4th: ELA 55%, Math 80%

5th: ELA 92%, Math 75%

6th: ELA 21%, Math 44%

7th: ELA 29%, Math 35%

8th: ELA 45%, Math 46%

After reviewing the grades with the higher percents, it was found that those groups provided students with at least 20 mins of Rtl time four times a week. The district plans on continuing using Rtl within the school day at least 4 days a week.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After a more thorough analysis of our LCAP actions, we determined that actions of our base program provided to all students are not necessary to include in the current LCAP. Included actions moving forward will be focused on increased and improved services to achieve the goal. Actions removed from this goal are: 1.1 (Teacher Support), 1.2 (BTSA), 1.4 (Staff Collaboration Time), 1.6 (Curriculum), 1.8 (Kindergarten Hours), 1.10 (Chromebooks), 1.11 (iPads), 1.12 (Classroom Technology), .

Action items 1.15 (Music/Art Education),1.16 (Garden Education), and 1.14 (P.E. Specialist) was eliminated and action item 8 (Enrichment) was added, which includes all aspect of enrichment such as agriculture, music and art to name a few.

Action item 1.9 (English Learner Support) and 1.10 (Foster Youth Support) was added to meet the needs of EL students and Foster Youth Students.

Updated and revised descriptions on all action items to better clarify the action toward the achievement of the goal for the current year.

Dates added to all metric baselines.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	Support an environment that ensures students and staff are healthy, safe, engaged, supported and challenged.

An explanation of why the LEA has developed this goal.

Chicago Park's mission is to provide a well-rounded program that prepares students for 21st century success in all areas of academics by offering unique and individualized services in math, science, technology, and character development. We emphasize a safe and nurturing environment and graduate responsible students who respect and advocate for the rights of others.

Chicago Park's core value is student success. A supportive environment that ensures students and staff are healthy, safe, engaged, supported and challenged is critical for student success. Since this is a huge focus on the values of the District, it is critical for it to be its own goal.

With the social and emotional impacts of Covid-19 and distance learning, LEA is focusing on supporting students by creating a more inclusive environment with a new play structure, continuing with Responsive Classroom and increasing school counselor hours. To encourage good attendance, LEA will continue with attendance incentives.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Maintain facilities in good repair. Priority 1	100% 2020/2021	100% according Facility Inspection Tool (FIT) 2021/2022			100%
Continue scheduling parent/teacher conferences for all students in the first	100% 2020/2021	100% parents offered a conference in October 2021			100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
trimester including unduplicated students and students with special needs. Priority 3		2021/2022			
District will conduct two surveys with parents of the school at least twice a year requesting input on decision making. Priority 3	None 2020/2021	3 surveys (Healthy Kids Survey, Covid-19 Masking Survey and Site Council/LCAP Survey) 61% parent participation rate 2021/2022			15% of parents participate in surveys
P2 ADA rates. Priority 5	94.75% 2020/2021	92.58 2021/2022			95%
Suspension rate. Priority 6	3.1% 2020/2021	2021/2022			2%
Expulsion rate. Priority 6	0% 2020/2021	0% 2021/2022			0%
Lower chronic absenteeism rate. Priority 5	17.8% 2020/2021	20.72% 2021/2022			Less than 10%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
On-going use and training in Responsive Classroom to create a positive culture. Priority 6	1 training in year 2020-2021	1 training (Responsive Classroom Advance Training) 2021/2022			2 trainings a year
Maintain a Middle School drop-out baseline 0%. Priority 5	0% 2020/2021	0% 2021/2022			0%
Promote parental participation in programs including unduplicated pupils and individuals with exceptional needs. Priority 3	None 2020/2021	100% participated in at last one event 2021/2022			40% of parents participate in an event
District will conduct surveys, including but not limited to, District Community Survey and Healthy Kids Survey, with parents, pupils and teachers yearly to collect data around the sense of safety and school connectedness. Priority 6	None 2020/2021	3 surveys (Healthy Kids Survey, Covid-19 Masking Survey and Site Council/LCAP Survey) 61% parent participation rate 2021/2022			15% of parents participate in surveys

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Responsive Classroom	On going training for staff in Responsive Classroom to create an inclusive environment for students.	\$887.00	Yes
2.2	Attendance Incentives	Attendance incentives to encourage improved attendance rates.	\$100.00	Yes
2.3	Playground Improvements	Maintain and improve outdoor environment to create an inviting and inclusive school.	\$14,476.00	Yes
2.4	School Counselor	Provide School Counselor at .40 FTE	\$5,829.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Each of the actions items in goal 2 supports creating an environment that ensures students and staff are healthy, safe, engaging, supported and challenged which is the focus of goal 2.

Particular success in 2021-2022 on this goal were in implementing actions 2.5 (Attendance Incentives), 2.6 (Facilities), and 2.7 (School Counselor). Offering an attendance incentive encouraged students to complete Independent Study Packets if sick and be at school in feeling well. Students were driven to be on campus. Improving the playground made it more welcoming and a safer space for students. District also increased School Counselor on campus to .2 FTE to add support for students' social and emotional health.

LEA did not have any struggles with any actions associated with goal 2.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

All budgeted expenditures were incorrect as they were copied from the District LCAP. However, the following differences did occur;

Action 1: Responsive Classroom did not incur additional costs as PD took place on campus during normal contract hours.
Action 2: Community Survey did not incur an additional cost as Google Forms were used for the Community Survey instead of Survey Monkey
Action 3: Safety Plan and 4: Yard Duty Safety did not incur any costs as training took place during normal work hours
Action 5: Attendance Incentives were less than budgeted due to less incentives purchased.
Action 7: School Counselor costs are higher than budgeted due to miscalculation of FTE at budget time.

An explanation of how effective the specific actions were in making progress toward the goal.

Even though many students were out with Covid-19 symptoms this year and completed Independent Study packets, only 15 days were allowed to count toward their positive record, meaning it was a challenging year for attendance since students were not allowed at school if they had any Covid symptoms. Attendance was very flexible per State Guidelines for the whole school year in 2020-2021 and in the Spring of 2019-2020. Below are the district's attendance rates from the past few years:

2018-2019 94.31%

2019-2020 94.73%

2020-2021 98.37%

2021-2022 92.58%

Creating a Peaceful Playground under Facilities was very successful at the LEA. It made the playground more welcoming and a safer space for students. According to the student survey, 90% of students feel the school is a welcoming place, and 87% feel safe at recess.

Having our School Counselor on campus for a full .2 FTE also added a large amount of support for our students. She was able to provide small group and individual support for students. With the added time, she was able to work with 6th through 8th graders in groups by grade level and gender which helped support the school environment, and social/emotional health. According to the Community Survey that was completed in March 2022, guardians responded that 79% felt that their child's social/emotional health is being supported while on campus, 97% feel that their child is safe on campus, and 80% are happy with the school environment.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After a more thorough analysis of our LCAP actions, we determined that actions of our base program provided to all students are not necessary to include in the current LCAP. Included actions moving forward will be focused on increased and improved services to achieve the goal. Actions removed from this goal are: 2.2 (Community Survey), 2.3 (Safety Plan), 2.4 (Yard Duty Safety) and 2.6 (Facilities).

Updated and revised descriptions on action item 2.1 (Responsive Classroom), to better clarify the action toward the achievement of the goal for the current year.

Metrics on P2 ADA, Suspension rate, expulsion rate, facilities, chronic absenteeism were updated to simplify metric for easier reading for public.

Dates added to all metric baselines.

Action item 2.3 (Playground Improvement) was added to support inclusion of all students.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
\$23,708	\$0.00

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
8.64%	6.02%	\$17,929.00	14.66%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

After assessing the needs of our low income, foster youth and English Learner students, we determined that there is a need for our unduplicated students to have access to high quality academic intervention services, technology and enrichment opportunities and social/emotional services. This need has been identified based on academic metrics and parent and staff input through surveys and meetings.

Based on low-income subgroup data from the CAASPP that shows low-income students achieving 2% higher in ELA and scoring the same in math, the following actions have been developed in Goal 1 to continue to make sure a performance gap does not create itself. We anticipate that by providing additional academic resources, access and support, academic performance will improve as measured by state and local academic assessments.

Action 1.1, Professional Development: Staff will attend trainings focused on academic intervention strategies and MTSS to better enable them to support students.

Action 1.2, iReady: This online intervention and assessment program will be utilized to provide individualized lessons to students in math and ELA.

Action 1.3, Library: We will expand our non-fiction library and provide support staff for students to increase interest in reading.

Action 1.5, IT Specialist: Support services from an IT Specialist will be available to assist teachers with technology in the classroom.

Action 1.6, Enrichment: Enrichment activities will be provided to improve student engagement.

Based on low-income, EL and foster youth data from the local attendance system shows LEA's unduplicated students chronic absenteeism rate the same as the whole school. To help lower the rate, the following actions have been developed in Goal 2. We anticipate that by providing social services and additional supports to improve school climate students mental health will improve as measured by local surveys.

Action 2.1, Responsive Classroom: Ongoing training will be provided for three teachers in the Responsive Classroom curriculum to create an inclusive environment for students.

Action 2.2, Attendance Incentives: Incentives for students to encourage school participation and attendance rates.

Action 2.3, Playground Improvements: Installation of a new play structure will improve the outdoor environment and create an inviting and inclusive school.

Action 2.4, School Counselor: An on-site school counselor will be available to support students mental health needs.

The actions identified will be principally directed toward and effective in meeting our goals and the needs of our unduplicated students. While we target these services toward this population of students, we recognize that there are students not identified as low-income, EL or foster youth but have similar demographic and/or academic needs; therefore, all students have access to these services as needed on an LEA-Wide basis.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

The services discussed created for our unduplicated pupil population are increased over services provided to all students by the minimum proportionality percentage required of 8.64% or \$23,708. The carryover of 6.02% or \$17,929 from the 21/22 year will be incorporated into future plans as we identify additional services based on student needs.

Action 1.6, English Learner Support: Paraeducator support will be provided when needed. Based on the fact that English Learners have difficulty learning at the same pace as their peers due to language barriers, additional support for them will help them to keep up with learning

the established curriculum. Providing this support will lead to improved academic performance, a reduction in learning gaps and increased English language proficiency measured by state testing.

Action 1.7, Foster Youth Support: Foster Youth students will receive additional support through the coordination of services with the County Office of Education. Services such as instructional materials, tutoring and mental health supports will be provided by the County Office as needed. Based on the fact that Foster Youth students have unique social/emotional barriers, supplemental services will help keep them focused on education during transitional times. These supports will lead to improved academic performance, a reduction in learning gaps and increased mental health as measured by academic metrics and student surveys.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

LEA does not have a high concentration (above 55%) of foster youth, English learners, and/or low-income students.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	N/A
Staff-to-student ratio of certificated staff providing direct services to students	N/A	N/A

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC Section 52064[e][1]*). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

Prompt 2: “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2022–23 . Leave blank until then.	Enter information in this box when completing the LCAP for 2023–24 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 . Leave blank until then.	Enter information in this box when completing the LCAP for 2021–22 or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
 - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
 - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
 - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
