

Carolyn Ferrero

NCSoS Continuous Improvement Specialist, Math & Science

Carolyn Ferrero is a twenty-two-year K-12 veteran teacher. Currently, she serves as a Continuous Improvement Specialist in math and science for the Nevada County Superintendent of Schools Office. Carolyn earned her Master of Science in Educational Leadership and graduated with honors from her leadership cohort. After serving as an Instructional Coach for Nevada County, Carolyn continues to provide training, resource support, and coaching focused on implementing improvement science to improve educational outcomes for all. As an Instructional Coach, Carolyn provides training in K-12 California math standards, Next Generation Science Standards, support with the curriculum adoption processes, technology integration in instructional design, Universal Design for Learning coaching support, MTSS strategy implementation, STEM program initiatives, beginning teacher support, lesson modeling, assessment planning, and improvement science inquiry cycles. Carolyn is a current member of the Exploratorium Teacher Leaders Institute, California Math Grant Collaborative, National Science Teachers' Association, a Google Certified Educator, a CDE NGSS Curriculum Review panelist, and MTSS certificated coach. Carolyn integrates research-based best-practices within her instruction and professional development workshops. Carolyn was also honored in 2013 when she was named Teacher of the Year by Pleasant Ridge Union School District in Nevada County, CA. She is grateful to call Nevada County home and is pleased to serve the community she loves!
