Chris Espedal, NCSOS Director of School Safety has partnered with many of our school sites this month to increase awareness of school safety. Pleasant Ridge School District and Nevada City School of the Arts held drills implementing use of their Catapult, Emergency Notification system. With Catapult EMS, a clear, centralized, cloud-based emergency communication plan is in place for teachers, sites, districts and law enforcement. Real-time student accounting, reunification, staff location check-ins, and threat report management is run through the school site emergency response team.

Grass Valley School District held a district-wide safety committee meeting to review current policies and procedures and discuss future drills and trainings. Future meetings and drills are calendared for awareness and practice.

Nevada City School District held an all staff training for updated review of best practices. A “table-top” discussion helped prompt conversations around the “what ifs” and roles each staff member would play responding to an incident.

Nevada Union High School hosted safety week with video training and drills including students, staff, law enforcement and fire services. Chris Espedal co-presented to Ghidotti students and staff with Sierra College Head of Security, Jamison Lopizich and Emergency Preparedness Coordinator, Zach Stanfield-Jones.

As well, Chris attended a table-top exercise with Sierra College staff, Homeland Security and local first responders. This exercise provided continued conversation on response to potential incidents on campuses.

Lessons learned during each training and drill helps to identify gaps in the plans and improve overall safety. Kudos to these school districts for keeping safety at the forefront of their minds. It’s all things safety following weeks of inclement weather!
SAVE THE DATE!  
JUNE 13, 2023

Experience a full day of interactive workshops for TEACHERS & ADMINISTRATORS that will provide practical ideas to bring inspiration & joy to core subjects through ARTS INTEGRATION.

A $200 stipend will be paid to attendees

Registration Opens MAY 1st

Nevada County Reads 2023
Student Writing Contest

May 5: Submissions Due
May 19: Top Ten Finalists Announced
May 27: 5:00 PM—Author Meet and Greet with Writing Contest Winners followed by community program at the Miners Foundry in Nevada City

Choose One Prompt

1. Describe a moment when you felt limited by society’s expectations and norms.
2. How do dreams or idealizations change with experience?
3. Comment on racism and representation in the entertainment industry.
4. Write about America’s history of Anti-Asian Discrimination.

Cash Prizes Generously Donated by Friends of the Nevada County Library

$500 first place
$250 second place
$175 3rd place
Top ten contestants will have a meet and greet with the author.

Entries should not exceed 5000 words. There is no minimum word count. Please include prompt number in subject line. Submit entries to ncwriting2023@gmail.com before May 5th. One entry per person.

NCR 2023 logo designed by BR class of 24 student Mya Marsh
Congratulations to all student participants in the Nevada County STEAM Expo ‘23. On Monday, March 13th community members, educators, and our business industry partners met in a hybrid setting to evaluate the work from students throughout Nevada County. This process continued throughout the week and the results are in! Showcasing the scientific inquiry process, mathematical analysis, artistic expression, active problem solving, asking questions, and examining answers student creativity, collaboration, and ingenuity shined through their work. We are so proud of all of the students and community who supported the efforts of these talented students…”

The Nevada County Scientific Inquiry competition is held as part of the STEAM Expo. Participating projects will be put on display virtually to recognize the outstanding efforts and achievements in science and engineering. Science experts representing a wide-variety of public and private sectors are invited to judge the projects.

The outcomes for the Nevada County STEAM Expo are to:

- Motivate and develop the interests of ALL students in STEAM fields,
- Recognize the achievements and efforts of students in STEAM,
- Encourage independent and/or group research and development, and
- Identify exemplary projects that will advance to the California State Science and Engineering Fair.
We’re putting the A in STEAM (Science, Technology, Engineering, ART, and Math) in our STEAM –23 Virtual Showcase and competition.

Through this challenge, students asked questions of themselves to discover fun and engaging ways to apply science, technology, engineering, and mathematics STEM concepts through the ARTS.

The outcomes for this showcase and competition are to inspire students to look at their artwork as a form of inquiry. Project submissions, encourage creative thinking and problem solving, inspire creative inquiry, and showcase hands-on explorations of STEAM connections.

For 2023, 85 5th through 8th grade students from 14 Nevada County schools participated in the 12th annual TechTest Jr. Math competition in early March. TechTest Jr. is a math exam that tests students’ critical-thinking and problem-solving skills. In addition to acknowledging students for their skills, it’s intended to promote the development of more critical thinking activities in the county and to help prepare them for the SAT and ACT tests. It also helps prepare students to compete in the TechTest Merit Scholarship program for high school students, which each year awards up to $15,000 in college scholarships. This year’s high school exam will be given at Nevada Union high school on Sunday, April 23rd. For more information on the high school program, email dpistone@mtstmarys.org.

All of the problems from the past 10 TechTest Jr. competitions, along with detailed solutions, can be found here.

TechTest Jr. comes in two versions, one for 5th and 6th graders, and the other for 7th and 8th graders. Top finishers are recognized with medals and certificates. The top three finishers on each version of the test get to select from an assortment of STEM-related prizes, which have recently included robots, quadcopters, science kits, and a Raspberry Pi single-board computer.

The competition is usually held at local technology companies, who have been very supportive of the event for many years. Due to the snow storms in early March, it was held virtually this year for the safety of students, parents and teachers. We are hoping and expecting to be back to having an in-person competition next year. We’d like to thank the companies who had agreed to sponsor the test this year – AJA Video Systems, Nevada County Media, and Telestream.

A big thanks to local community member Peter Murphy for helping prepare the test and for grading them, and to former Gilmore math teacher Gordon Sakaue for help in grading the tests.

Congratulations to all of the winners, and a big thank you to all of the students who participated and to the teachers at each site who helped make this happen.

TechTest Jr. comes in two versions, one for 5th/6th graders, and the other for 7th/8th graders. Top finishers are recognized with certificates. The top three finishers on each version of the test get to select from an assortment of STEM-related prizes, which have recently included robots, quadcopters, science kits, and a Raspberry Pi single-board computer.

Learn more at nevcoexpo.org.
The winners in the 2023 TechTest Jr. competition are as follows:

**5th Grade Top Finishers:**
1st – Vera Crane (Grass Valley Charter School)
2nd – James Keiser (7-Hills)
3rd – Patrick Smith (Alta Sierra)

**6th Grade Top Finishers:**
1st – Lena Von Ruden (Magnolia)
2nd – Larsen Paasch (Magnolia)
3rd – Jaden Patterson (7-Hills)

**5th/6th Grade Overall Top Finishers:**
1st – Vera Crane
2nd – Lena Von Ruden
3rd – James Keiser

**7th Grade Top Finishers:**
1st – Tryggyvi Pehling (Twin Ridges)
2nd – Walker Muellenhoff (7-Hills)
3rd – David Ban (Ready Springs)

**8th Grade Top Finishers:**
1st – Corbin Brose (Mt. St. Mary’s Academy)
2nd – Jackson Hodgson (Mt. St. Mary’s Academy)
3rd – Sawyer Maddux (Grass Valley Charter School)

**7th/8th Grade Overall Top Finishers:**
1st – Tryggyvi Pehling
2nd – Corbin Brose
3rd – Jackson Hodgson
After two years of cancellation due to the pandemic, the Nevada County Superintendent of Schools hosted its 37th Annual Speech Tournament for 4th through 8th graders. The tournament was sponsored by Tri Counties Bank, the Rotary Club of Grass Valley and the Nevada Theatre Commission. This year’s speech topic was “What human quality do we need more of and why?” Students gave passionate speeches that included topics such as kindness, loyalty, love, valor, self-awareness, empathy and independence.

The preliminary and semi-finals competition was held on March 10th at Calvary Bible Church. Fifty of the top oration students, from eleven local public and private schools, competed in a round-robin fashion, with students reciting speeches three times, each time to a different judge. Semi-finalists were determined, and their speeches were recited one last time in front of three judges. Three finalists from each grade were then invited to the Speech Finals competition, to be held a few days later.

The initial judging team consisted of 12 volunteers from local businesses and organizations as well as retired educational professionals. The speeches were evaluated on content and delivery with a time limit of no less than two minutes and no more than three and a half minutes. Tournament Coordinator, Shannon Rashby, said, “It requires a lot of support from the community to run the speech preliminaries. This year, we had 24 volunteers helping out and they were just as excited as the kids to be participating.”

The student finalists presented their speeches at an evening program on March 14th, held at the historic Nevada Theatre, in Nevada City. The esteemed panel of judges consisted of representatives from local Toastmasters groups. Each finalist received a first, second, or third place trophy and a $25 Book Seller gift certificate. “Competition was tough. Many of the winners were determined by just a fraction of a point,” said head judge, Ron Egenes, of Area 64 Toastmasters. “Overall, the quality of the speeches was impressive. These kids could compete at the high school level and do well.”

The 2023 Speech Tournament winners are as follows:

**4th Grade:**
1st Place Wyatt Baldwin—Williams Ranch
2nd Place Austin Becker—Williams Ranch
3rd Place Elsa Gray—Union Hill

**5th Grade:**
1st Place Dexter Strubeck—Seven Hills
2nd Place Dalton Angle—Seven Hills
3rd Place Kathy Whitehall—Lyman Gilmore

**6th Grade:**
1st Place Austin Peters—Mt. St. Mary’s
2nd Place Ava Becker—Ready Springs
3rd Place Elaine Luisetti—Seven Hills

**7th Grade:**
1st Place Felix Van Wagner Meade—Mt. St. Mary’s
2nd Place Hope Searles—Twin Ridges
3rd Place Clover Rashby—Forest Charter

**8th Grade:**
1st Place Toni Swansick—Union Hill
2nd Place John Luisetti—Seven Hills
3rd Place Nolan O’Callaghan—Seven Hills
The Foster Youth Services Coordinating Program completed a trauma-informed leadership training to administration throughout California on March 14. Kim Faulkner-Camacho from LACOE and Nevada County’s, Melissa Balderston, are available for continued education regarding trauma informed practice as trained professionals with lived experience. If you are interested in booking a training for your site, agency, district or program, feel free to contact Melissa Balderston at mbalderston@nevco.org.

The Independent Living Program was able to host a zoom Teen Talk class through the messy winter storm that focused on adversity and gave youth local resources available to the public to those affected by the weather. Tax season is still upon us, and we have helped over ten current & former foster youth file their taxes and six of them have received the new foster youth tax credit. There are more upcoming appointments with our in-house tax specialist and a workshop on April 18th open to those who want to file on their own with an expert nearby to answer questions. The tax assistance is free of charge with the support of Helena Heinzelman, John Burton Advocates for Youth, & Lutheran Social Services partnerships. The Youth in Placement Action Team is collaborating on the focus topics for this year’s YPAT event on April 25. Youth voice takes the lead, chooses their most favorable topics of discussion, and then facilitates discussion with the staff from agencies that support their systems of care. Many changes to the system of care have stemmed from this event such as the new youth voice panel that Child Welfare Services is utilizing in their resource family trainings through the licensing process. These youth are also available to provide guidance to districts as they develop their goals to meet the needs of foster youth enrolled at their school sites. Please contact mbalderston@nevco.org for more info.

The Transitional Housing Plus Program has been leaning on community members and agencies to fill gaps in housing options for Transitional aged youth including communication with landlords, affordable & safe rental options and general housing expertise. The program will continue to focus on finding resources to bridge the gaps to ongoing housing stability. In some cases, that includes renters’ insurance to maintain stability when displaced due to weather, property damage and traumatization of temporary homelessness. We rely on community-based organizations such as Interfaith Food ministry, Mc-Kinney-Vento school resources, warming shelters and clothing closets to comfort and provide for the youth who are displaced or experiencing homelessness. If you have a resource for TAY, please contact Morgan Welty-Geisick at mwyelty-geisick@nevco.org. Your continued support is appreciated.

Envision a specific future goal.
Work toward that goal - take small steps!
Anticipate barriers and plan ways to overcome them.

**DEFINITION**
Hope is "a cognitive practice that involves the intentional act of setting goals and working toward them with purpose."

**BENEFITS**
- Better physical health
- Greater happiness
- Improved resilience
- Stronger relationships

**APRIL IS THE NATIONAL MONTH OF HOPE**

**HOPE = MENTAL WILLPOWER** (personal investment) + **WAYPOWER** (a mental roadmap with achievable pathways) you have for your GOALS.

**BUILDING HOPE**
- Envision a specific future goal.
- Work toward that goal - take small steps!
- Anticipate barriers and plan ways to overcome them.

**RESOURCES**
- "The Science and Power of Hope" from Dr. Chan Hellman
- "What is your hope?" from Parkway Schools
- Hopeful Minds free curricula
- AAR's lesson plans on hope (middle and high school)
My Retirement Decisions Workshop

Monday, April 17, 2023
3:30 - 5:00 p.m.

Nevada County Office of Education
380 Crown Point Circle, Grass Valley

Co-Hosted by

CalRTA
California Retired Teachers Association
Nevada County Division 51

Nevada County Superintendent of Schools

Are You Counting Down to Retirement?
This year? In the next 5 years?

Learn about your retirement decisions and more by attending the CalSTRS My Retirement Decisions Workshop. In this hour-and-a-half interactive workshop, led by a CalSTRS expert, you’ll learn:

◆ How they calculate your CalSTRS monthly retirement benefit.
◆ The options you can choose if you want to provide a lifetime monthly benefit to your survivors and how each option would affect your monthly benefit.
◆ Your choices for receiving the funds in your Defined Benefit Supplement account, if you have one.
◆ Ways to submit your Service Retirement Application.
◆ What you need to know if you return to work in the California public school system in retirement.

For a more personalized understanding of the information covered, you’re encouraged to bring your most recent Retirement Progress Report, which you can print from your myCalSTRS account. You’re also encouraged to bring your questions.

RSVP to Nevada County - CalRTA by April 12th to Cdachtler47@gmail.com
**Know the Signs: Find the Words. Reach Out.**

**Suicide Prevention Training**

**Paint Isn’t Always Obvious**

**Know the Signs**

suicideispreventable.org

**UPDATE - EVENT POSTPONED (TBA)**

Attendees will learn about the warning signs of suicide, how to engage with someone they’re concerned about and resources available to help.

---

**2023 2nd Annual Nevada County**

**Wear Blue for Kiddos Challenge**

Please wear blue every Friday for the month of April to bring awareness to child abuse prevention in Nevada County.

Email your photos to cnncang@gmail.com - Your submission serves as your consent for us to share your photos on social media.

---

**Spring Break Fun**

**Painting Workshop**

**For Students K-8**

**Painting 3-inch Clay Pots with Acrylic Paint**

Call 530-432-1118 X2249 to sign up!

Where: Partners Family Resource Center
10862 Spenceville Rd, Penn Valley (Ready Springs School Campus)

When: Wednesday, April 5th

Time: 2:00 - 3:00 PM

Hosted by the Child Abuse Prevention Council of Western Nevada County
Take the stress out of parenting with Nurturing Parenting’s evidence-based, interactive approach. For 35 years, this program has helped parents to deepen and strengthen their family relationships in all types of situations. Topics include:

- Communicating with Respect
- Loving Discipline and Logical Consequences
- Setting and Keeping Limits that Work
- Building Self-Worth
- Brain Development
- Dealing with Stress
- And much more!

Parents say...
"I am calmer in the chaos."
"Love the practical tools!"
"The confidence you need to parent with empathy and firm boundaries."

8 Week Evening Series:
Tuesdays 5:30-7:30pm
April 11-May 30
Alta Sierra Elementary School
16607 Annie Dr, Grass Valley, Rm 10
Class geared to kids aged 2-teens

Jinnae Anderson, Parenting Specialist

Cost for entire series: $35
Scholarships available
Includes pizza and childcare!
